Announcing the **Worldwide Release of the New  
Unabridged 13 ½ hr Audio Book as MP3 Download.**

# The Voice of Hope

Conversations with Aung San Suu Kyi

**Burma's Democratically Elected Leader,  
Nobel Peace Laureate and Political Prisoner**

The Voice of Hope Project is in support of an **URGENT ACTION** to restore fifty hours of recordings of Aung San Suu Kyi and her key colleagues that had been buried in a mountain forest in Burma for the past 15 years. After many failed attempts, the materials are finally in our possession. Although damaged, most of these priceless recordings can be fixed.

Funds from downloading the audio book and additional contributions one wishes to make will go towards restoration of the materials and production of a DVD.
